

# TURKEY TRACKS HUNT

ERIC COREY FOUNDATION

## Corporate Sponsor Starke County Hunt – Knox, Indiana

At the very young age of 15, Eric Corey was diagnosed with ALS. An avid hunter his entire life, we lost Eric to this tragic disease in January 2012. Eric's legacy lives on in his mission. Turkey Tracks continues to make sure other individuals with mobility challenges like him can experience the joy of hunting. The event also allows hunters with physical challenges to use adaptive equipment and the help of guides to experience a turkey hunt in Northern Indiana.

What started in 2009 with a couple of hunters in Eric's home, has now become a community wide event . . . volunteer guides, local farmers and supportive friends . . . all pitching in for a weekend of fellowship, friendship and fun.

For a time away . . . Turkey Tracks is about getting families together, away from the doctor appointments and hospital visits that most of these hunters live with on a weekly basis. It is about enjoyment and love of the outdoors.

Turkey Tracks Hunt has the equipment and the ability to take young hunters in wheelchairs and challenge them to the same adventure that a person with mobility would enjoy experiencing.
